Underground Workshop Notice (PLEASE NOTE: NEW DATE!)

March 13, 2002

10 am – 4 pm

Sempra Energy Headquarters

101 Ash Street, Auditorium #3

San Diego

In compliance with the Commission's Decision (D.) 01-12-009 issued December 11, 2001 in the Underground Electric and Communication Facilities Rulemaking Proceeding R.00-01-005, the California Public Utilities Commission's Energy Division posts and serves electronically this notice of a public workshop it will sponsor to facilitate input on the design of a standardized data reporting mechanism. The workshop will be hosted by SDG&E as shown above and allow participants to discuss and make recommendations on elements to be incorporated in the data collection and reporting system. The goal of the data tracking and standardized reporting is to allow the utilities, the Commission, and interested parties, to track the safety, service reliability, and lifetime cost for both overhead and underground projects and make valid and reliable comparisons between systems. A data tabulation template drafted by the respondent electric utilities is attached to this notice. The template will be the basis of discussion at the workshop.

Within ten days after the workshop, we invite parties to submit and serve a position statement, discussing why their proposed data collection and reporting system are important to future public policy on undergrounding.

Teleconference Information: Conference call capabilities will be provided by calling 1-800-966-6338; reference Margaret Moore, and followed by the pass code # 02060148. The meeting is wheelchair accessible. Participants attending the workshop via conference call are asked to put their phones on mute when they are not addressing the workshop participants in order to reduce background noise.

	I95-04-044	Investigation on the Commission's own motion into competition for local exchange service.

Summary: On January 28, 2002, Peter Casciato, attorney for Metro One Telecommunications, Inc., spoke by telephone with Tom Long, advisor to Cmmr. Lynch. Casciato stated that the revised draft decision (DD) was legally incorrect in its failure to eliminate the per query charge since the Federal Communications Commission has outlawed all discrimination by incumbent local exchange carriers against directory assistance (DA) intraLATA toll carrier providers.

Summary: On February 4, 2002, John Clark, attorney for InfoNXX, Inc., sent identical letters (attached to the notice) to Cmmr. Lynch, Cmmr. Bilas, Cmmr. Brown, Cmmr. Duque, and Cmmr. Wood. Copies of the letters were sent by facsimile to Lester Wong, advisor to Cmmr. Bilas, and Robert Wullenjohn, advisor to Cmmr. Wood. The letter urges the Commission to reject the changes that were made on January 22, 2002, to the draft decision (DD). The letter explains that the revisions to the DD reflect a mistaken understanding of Pacific Bell's per-query charge for directory assistance data.

Summary: AUGMENTATION REQUIRED. On January 31, 2002, Bruce Foster, Vice President of Regulatory Operations of Southern California Edison Company (Edison) participated in an all-party meeting with Cmmr. Duque in San Francisco. Also present were Lynne McGhee, advisor to Cmmr. Duque, and Michael Hoover, Director of Regulatory Affairs of Edison. Foster and Hoover discussed the significant detrimental impact a one-time "catch-up" payment would have on Edison's ability to become creditworthy; that the adoption of a "postage stamp" allocation does not constitute cost-of-service ratemaking; that costs should be allocated on an actual, hourly cost-of-service basis; that the proposed decision institutes perverse incentives by fixing each Investor Owned Utility's (IOU) allocated revenue requirement and the percentage of ancillary services Pacific Gas and Electric Company (PG&E) and Edison are assumed to provide; that the adjustment for the operation of PG&E's Helms pump storage operations is inappropriate and ignores Edison's pump storage operations; and that there is no need to maintain individual balancing accounts to track Department of Water Resources' costs and revenues.

Summary: On January 31, 2002, Dr. Gail de Planque, member of the Diablo Canyon Independent Safety Committee (Safety Committee), met with Cmmr. Wood, Cmmr. Brown, and Kevin Coughlan, advisor to Cmmr. Bilas, who participated in the meeting by telephone, in three separate meetings in San Francisco. At the meeting with Cmmr. Wood also present were Linda Serizawa and Steven Weismann, advisors to Cmmr. Wood; at the meeting with Cmmr. Brown – Belinda Gatti, advisor to Cmmr. Brown; and at the meeting with Kevin Coughlan – Lynne McGhee, advisor to Cmmr. Bilas.

Robert Wellington, counsel, and Diane Fellman, regulatory counsel, to the Safety Committee participated in all three meetings. Referring to the petition to modify D88-12-083 of the San Luis Obispo Mothers for Peace filed on November 29, 2002, Wellington stated that since the Safety Committee operates successfully as constituted with appropriate public participation, the changes recommended by the petition are not needed at this time. Dr. de Planque described the highly technical nature of the Safety Committee's activities.

Summary: On February 1, 2002, Peter Casciato, attorney for Metro One Telecommunications, Inc., sent a letter (attached to the notice) to Cmmrs. Lynch, Bilas, Brown, Duque, and Wood. The letter was also sent by e-mail to Tom Long, advisor to Cmmr. Lynch, Robert Wullenjohn, advisor to Cmmr. Brown, Fassil Fenikile, advisor to Cmmr. Duque, Jonathan Lakritz, advisor to Cmmr. Summary: On February 5, 2002, Bill Reed, Senior Vice President of Sempra Energy (Sempra), met with Cmmr. Bilas in San Francisco. Also present were Kevin Coughlan, advisor to Cmmr. Bilas; and Leslie Katz, Regional Vice President, and Billy Blattner, CPUC Relations Administrator, for Sempra. Written materials (attached to the notice) were used. Reed explained that because San Diego Gas & Electric Company already maintains a balancing account for tracking utility retained generation costs, the proposed subaccounts are duplicative and unnecessary. Reed stated further that in order to eliminate the Incremental Cost Incentive Plan (ICIP), as proposed in the proposed decision, the Commission would have to find that Public Utilities Code Section 367(A)(4) has been repealed. Reed indicated that the ICIP was established to improve the performance of California's nuclear facilities and it has been very effective in reaching that goal.

Summary: On February 6, 2002, Kristin Smith, attorney for LSSi Corp., met with Tom Long, advisor to Cmmr. Lynch, and Robert Wullenjohn, advisor to Cmmr. Brown, in two separate meetings in San Francisco. At the meeting with Tom Long also present was Lester Wong, advisor to Cmmr. Bilas. LSSi representative expressed its concerns with the inconsistencies between the directives of the 1996 Telecommunications Act and the revisions to the draft decision on the directory assistance (DA) tariff of Pacific Bell Telephone Company (Pacific). Smith stated that until the Commission orders Pacific to remove the usage charge from its tariffs and reimburse all providers for previous overpayment, competitive DA providers in California will not enjoy nondiscriminatory treatment.

Summary: On February 8, 2002, Marc Joseph, attorney for the Coalition of California Utility Employees (CUE), met with Linda Serizawa, advisor to Cmmr. Wood, in San Francisco. Also present was Steven Weissman, advisor to Cmmr. Wood. Joseph stated that the proposed decision erred in eliminating the employee safety mechanism for Southern California Edison (Edison) employees. Joseph stated that CUE agrees with the Office of Ratepayer Advocates that the current mechanism is too easily satisfied, and that the response should be to lower the benchmark so that Edison would only earn the maximum reward if it maintained its most recent performance, not to eliminate the incentive entirely.

2/21/02	R02-01-011	Order Instituting Rulemaking regarding the implementation of the suspension of direct access pursuant to Assembly Bill 1X and Decision 01-09-060.
---------	------------	---

Summary: On February 15, 2002 at 2:00 p.m., at the CPUC in San Francisco, the following person(s) representing the California Industrial Users [CIU] met with Commissioner Duque and his Advisor, Laura Krannawitter; Kevin Coughlan, Advisor to Commissioner Bilas, and David Gamson, Advisor to Commissioner Brown, at an all-party meeting also attended by those persons listed on the sign-in sheet attached to the Notice, to wit: Dan L. Carroll, Esq.

Mr. Carroll stated CIU's support for Commissioner Brown's Alternate Draft Decision, and stated that TURN's constitutional arguments regarding the contract clause ignored the fact that in cases involving government-private contracts, the government treasury was at issue, which is also true with respect to retroactive suspension of direct access. In cases where the government treasury is at issue, strict scrutiny is required.

Mr. Carroll also registered CIU's opposition to Edison's overreaching effort to import Edison's Historical Procurement Charge issue, which was only recently heard in another proceeding and which is still in the briefing stage, into this proceeding.
